FOUL-RELEASE COATING FOR ALL UNDERWATER METALS

Propspeed, the original and best performing foul-release coating in the industry, has been tried and tested around the world for over 21 years, consistently delivering customers the same result - improved boat performance, lower fuel and operational costs, sustained value of their investment, all while keeping the vessel's running gear looking its best.

ALL-IN-ONE PROTECTION >

Defense against **marine growth & corrosion.**

MULTI-SEASON >

Protects underwater metal assets for **12-24 months.**

SUPERIOR ADHESION TO METAL >

Strong long-lasting adhesion to metals.

BIODICE FREE >

Foul-release, not antifoul.

"Before Propspeed, the boat was doing about 25.5 mph, burning 16.4 gallons an hour on average. When I launched the boat and went for the first ride with Propspeed, I was amazed at the speed difference. I was going 27.8 mph and burning 15.8 gallons an hour on average."

Joe Riccio, Owner - Sea Ray 310 Sundancer

COVERAGE

- Large Kit = 3.4m² / 36.6ft² coverage PSLKIT
- Medium Kit = 1.7m² / 18.3ft² coverage PSMKIT
- Small Kit = 0.7m² 7.5ft² coverage PSSKIT

STRIPSPEED™

AVOID THE GRIND >

PLAY ME ▶

REMOVE PROPSPEED & FOUL-RELEASE COATINGS HASSLE FREE

Developed to help PropSpeed applicators to prepare metal surfaces for reapplication, **Stripspeed removes foul-release coatings in 30 minutes or less.** The thick consistency easily hangs on vertical and overhead surfaces, making it easy to use and there is no mixing required. Just **shake, pour and go.**

EASY TO USE >

Easy to apply, easy to remove. **Scrape and then scrub with an abrasive pad.**

APPLY AT ANY ANGLE >

Stripspeed's unique formula can be **applied at any angle** without sliding off.

STRIPS SWIFTLY >

Stripspeed **works within 30 minutes or less**, speeding up the PropSpeed removal process.

NO AIRBORNE PARTICLES >

With **no grinding required** there will be no airborne particles, making PropSpeed removal harmless.

"Stripspeed does its job and its quicker than grinding. Used on a folding propeller, it was easy to apply and got into areas other cleaning methods wouldn't. With 40 years' experience in painting, this is a game changer and I can't wait to get my hands on it."

Mick Field - Antifoul Manager, GC Boatyards, Australia

COVERAGE

- 5 Litres = 10m² / 1.32 gal coverage SS501
- 1 Litre = 2m² / 0.26 gal coverage SS505

FOUL-RELEASE COATING FOR TRANSDUCERS

Formulated by industry-leading scientists and certified by Airmar for transducers, Foulfree is a **clear, foul-release coating for transducers**. Fouling on the face of transducers can reduce their sensitivity, bottom-echo returns, and positive fish targets. Foulfree keeps **transducers clean and operating at the top** of their game for the clearest sonar images possible.

TRANSDUCER SAFE

Certified by AIRMAR® and developed specifically for transducers to ensure sustained performance.

BIODICE FREE >

Foul-release, not antifoul.

EASY TO USE >

3 easy steps:
1. Clean - 2. Condition - 3. Apply.

SEE THE REAL PICTURE >

More **clarity, detail, and visibility** below the waterline.

“Propspeed’s Foulfree transducer coating is amazing. Goes on easily and smoothly and dries like glass. The transducer looks like a mirror. I can’t see anything sticking to that.”

John Camar - Captain of A Lure Sportfishing

COVERAGE

• 15ml kit = 0.1m² / 1ft² coverage

FFKIT

*AIRMAR certifies that the application of Foulfree coating on its transducers results in no loss in transducer performance.

FOUL-RELEASE COATING FOR UNDERWATER LIGHTS

Underwater lights are just as susceptible to marine fouling as any other underwater surface which can result in reduced visible light, and efforts to remove barnacles can result in damaged lighting components. Lightspeed has been endorsed by Lumishore and is a **transparent coating** that is an easy and affordable way for boat owners to **reduce maintenance, protect their investment, and maintain lighting system performance.**

ENDORSED BY LUMISHORE

Endorsed and tested by Lumishore.

EASY TO USE >

3 easy steps:

1. Clean - 2. Apply - 3. Let it dry.

BIODICE FREE >

Foul-release, not antifoul.

LONG-LASTING >

Promises **worry-free 12-24 months** with reduced maintenance.

"Lightspeed is a great product, easy to use, compliments well with the rest of the Propspeed product line. Foul-release coatings are a solid investment to keep things running efficiently and without issue."

Chris Sullivan, Owner of 42' Trawler

COVERAGE

• 15ml kit = 0.1m² / 1ft² coverage
