

# LIGHTSPEED™

ENDORSED BY **LUMISHORE**  

The long-lasting  
protective coating for  
underwater lights.

More light,  
less fuss.

## What is Lightspeed™?

Lightspeed is a foul-release coating designed to protect your underwater lights from marine growth. With the PropSpeed promise of proven performance, you can trust Lightspeed to last for 1 – 2 years. Shine brighter, longer, with a lot less hassle. Slime wipes away easily and hard growth can't even take hold!

Underwater lights enhance your vessel's style and functionality, illuminating the underwater world and brightening your boat's appearance.

## Apply Lightspeed in 3 easy steps:

**1. CLEAN:** Tape off any areas you do not wish to coat. Clean the surface using the Lightclean wipe provided.

**2. APPLY:** Use the supplied brush to apply one thin layer of Lightspeed Clear Coat.

**3. LET IT DRY:** Wait a minimum of 8 hours before launching your boat. That's it!

## Why use Lightspeed™?

Lightspeed is an easy-to-use foul-release coating. It provides great coverage while being extremely low maintenance.

Don't risk damaging your underwater lights caused by scraping away hard marine growth! Protect them and extend their life span with Lightspeed.

Lightspeed protects your aesthetic features, while not interfering with the light transmittance.

Trust Lightspeed to keep your lights shining bright while you enjoy your time on the water.

**Protect their functionality, extend their life span and save yourself time cleaning with Lightspeed, a long-lasting, easy-to-apply clear coat.**

***“The best way to enjoy the near-limitless color combinations we offer is to ensure your lights are clean. The application of Lightspeed makes this both simple and safe, and we’re very pleased to recommend this product to our discerning customers.”***

- Eifrion Evans  
President, Lumishore

## PROPSPEED®

---

**Superior coatings, better boating™**

Propspeed is dedicated to developing products that make marine craft more efficient and economical to run and maintain. We proudly manufacture and distribute Propspeed, Lightspeed and Foulfree, foul-release coatings trusted by boat owners and captains worldwide for over 21 years. Prevent surface fouling below the waterline and enjoy improved performance and hassle-free maintenance.
