### ALL-IN-ONE PROTECTION

Defense against marine growth & corrosion for all underwater metal assets.

### SUPERIOR ADHESION TO METAL

Strong long-lasting adhesion to metals that makes Propspeed unparalleled to other products on the market.

### MULTI-SEASON

Long-lasting solution that, when applied and maintained correctly, protects underwater metals for 1-2 years.

### BIOCIDE FREE

Foul-release, not antifoul. Foul-release coatings create a surface that's tough for marine organisms to adhere to.

### HIGH-PERFORMANCE SYSTEM

Specialised coating technology: the original and still the best foul-release system trusted globally for 21 years.

**“Propspeed is the only product we confidently recommend for effective multi-season protection for underwater metals.”**

– Michael Waldow, Service Manager, Hartge Yacht Harbor, Maryland, USA
