### **COVERAGE GUIDE** FOR PROPELLER:

1x Propeller: 47-56"

2x Propellers: 31-46"

A surface of 36.6ft<sup>2</sup>

# ALL-IN-ONE PROTECTION

Defense against marine growth & corrosion for all underwater metal assets.

# SUPERIOR ADHESION TO METAL

Strong long-lasting adhesion to metals that makes Propspeed unparalleled to other products on the market.

# **MULTI-SEASON**

Long-lasting solution that, when applied and maintained correctly, protects underwater metals for 12-24 months.

### **BIOCIDE FREE**

Foul-release, not antifoul. Foul-release coatings create a surface that's tough for marine organisms to adhere to.

### HIGH-PERFORMANCE SYSTEM

Specialized coating technology: the original and still the best foul-release system trusted globally for 21 years.

"Propspeed really adds something new to the industry, protecting your running gear and propellers and increasing fuel efficiency. To us, it's a no-brainer. Why wouldn't you use it?" - Chris Ward, Paint Department Manager, Bay Ship & Yacht Co., California
